## 1 Print out the template.

Choose from any of these Roman Imperial Helmet templates ([../printable/roman-helmet.html](http://printable/roman-helmet.html)). For this craft tutorial, we chose the plain template to demonstrate the basic steps for making a paper roman helmet and the various ways you can decorate it.

If you prefer a quicker and simpler option, you can print out the ready-to-color template or the colored helmet template.

## 2 Color the template.

The first page consists of the main helmet piece and a pair of long straight bands. Paint the pieces with a metallic color such as gold or silver tempera, poster, or acrylic paint. Instead of painting, you can also color the pieces with crayons or oil pastels.

## 7 Glue one band on the left.

Next, glue one straight band behind the helmet's bottom left corner. Align the band's bottom edge with those of the helmet's.

## Roman Imperial Helmet

Print out, color, and assemble our template into a wearable paper Roman Imperial helmet. Wear it for Christmas pageants, Easter plays, or whenever you need a quick Roman soldier costume.
